

# SOLUBLE FERTILIZER

Quadra has been an industry leader in the Soluble Fertilizer sector for over 40 years, partnering with some of the world's best N-P-K and plant nutrition companies. Offering a broad range of commodity and specialty products, Quadra's distribution solutions provide stable supply, competitive pricing, and technical support. We have a strong reputation for quality assurance processes and regulatory support, which is critical for the fertilizer industry.

## **MAJOR SOLUBLES:**

Diammonium Phosphate (DAP)  
EDTA/DTPA Micronutrients (including Fe, Zn, Mg, Cu)  
Merchant Grade Acid (MGA 52%)  
Monoammonium Phosphate (MAP)  
Monopotassium Phosphate (MKP)  
Phosphoric Acid (75%, 85%, FG, Tech)  
Potassium Nitrate (Standard, Acidic)  
Super Phosphoric Acid (SPA)

## **OTHER SINGLE INPUTS:**

Aluminum Sulphate  
Ammonium Nitrate  
Borax (5 and 10 Mol)  
Boric Acid  
Calcium Chloride  
Calcium Nitrate Anhydrous  
Calcium Nitrate Concentrated - Greenhouse  
Calcium Nitrate Liquid  
Citric Acid  
Copper Sulphate  
Ferrous Sulphate  
Magnesium Nitrate  
Magnesium Sulphate (Hepta, Anhydrous)  
Monoethanolamine (MEA)  
Muriate of Potash (MOP)  
Nitric Acid  
Potassium Bicarbonate  
Potassium Sulphate (SOP)  
Sodium Molybdate  
Sulphuric Acid  
Tetrasodium EDTA Salt  
Urea  
Zinc Chloride (Liquid, Anhydrous)  
Zinc Sulphate Monohydrate
