Anne Marie Infilise, President of Quadra Chemicals Inc., is pleased to announce the appointment of Mr. Jeff Martin as Vice President, based in California.

Mr. Martin has extensive industry experience, with a career of 30 years with Horn (now an IMCD company). Chemical Engineering from the University of Michigan – Ann Arbor, and an MBA from Pepperdine University.

Jeff's primary responsibility will be to drive Quadra's expansion in the USA. His initial focus will be to develop the Quadra Ingredients division in the US market, in collaboration with Christine Infilise, VP Ingredients. He joins Quadra on February 3, 2020.

This acquisition marked Quadra's first step in actively expanding its ingredients activities to the US market, a significant move to support its ambitious expansionary plans.

Tony Infilise (CEO, Quadra) expressed: "We are very pleased to have Jeff join the Quadra family. His values and approach to business are very much aligned with Quadra's and we are confident that he will have a strong impact on our success."
